In-Cup Product Range

Our unique paper In-Cup range provides you with the opportunity to offer consistent quality products in any environment

In-Cup

In-Cup

Kenco In-Cup makes vending easy! Each cup comes with the perfect amount of product inside to ensure a great drink every time.

The Kenco In-Cup concept...

With Kenco In-Cup the cups come pre-dosed, stacked and hygienically sealed, eliminating the need for loose ingredients. Just stack the cups into the machine and you are ready to serve great quality Kenco In-Cup drinks in fully branded paper cups.

The machine just adds hot water to mix the pre-dosed product in your branded paper cup.

Kenco In-Cup offers you...

Simplicity...

Kenco In-Cup is the ideal solution for locations that require an automatic hot beverage system that is clean, easy to stock, and low maintenance. Kenco In-Cup is convenient for any environment with the pre-dosed cups offering effective stock management.

Consistency...

With just the right amount of product packed in each cup, Kenco In-Cup allows you to deliver drinks hygienically and provides your consumers with a highly consistent drink.

Quality...

Kenco In-Cup means you can serve great quality brands that consumers know and trust including ethically sourced coffee, tea and hot chocolate. Furthermore, Kenco In-Cup is supplied in a range of fully branded 7oz paper cups which is the consumers' preferred choice.*

Helping you deliver a great In-Cup solution...

We work with leading vending machine manufacturers so that we can offer you a range of In-Cup equipment options that will suit your needs. For more information on the In-Cup equipment available from Kenco see our equipment range brochures.

At the Kenco Coffee Company we pride ourselves on ensuring that we source high quality beans to make our coffee blends.

All Kenco In-Cup coffee is freeze dried to lock in taste and ensure the highest quality flavour and aroma. The great news is that we now source 75% of the beans for our entire freeze dried Kenco coffee range from Rainforest Alliance Certified™ farms.

Our goal by 2010 is to convert all Kenco products to using only beans sourced from Rainforest Alliance Certified™ farms so we can provide you and your customers the choice of an ethically sourced product without any compromise on quality or price.

NOW 75%...

...of the beans sourced for our Kenco freeze dried coffee range comes from Rainforest Alliance Certified™ farms

100%...

...of the beans in Kenco Sustainable Development coffee are sourced from Rainforest Alliance Certified™ farms.

Suchard

Our Suchard hot chocolate is made with cocoa sourced from Rainforest Alliance Certified™ farms.

PG tips

At least 50% of the tea used in PG tips is sourced from Rainforest Alliance Certified™ farms.

Who is the Rainforest Alliance?

Founded in 1987, the Rainforest Alliance is an independent, non profit organisation. They promote standards for sustainability that conserve wildlife and ensure the wellbeing of workers and their communities. The Rainforest Alliance Certified™ programme assures consumers that the products they are buying come from farms that meet demanding standards for environmental, economic and social improvements.
