

Astoria Plus 4 You TS (Tall Cup)

Official espresso machine of the World Latte Art Championships

The latest generation of Astoria's flagship espresso machine. The addition of a colour touchscreen allows baristas to easily alter temperature settings, adjust power modes and monitor the extraction process.

Thanks to Astoria's intelligent brewing technologies, the machine is capable of monitoring every shot and providing real-time feedback to the user.

It also features Astoria's green line eco system that can provide energy savings of up to 47.6%† compared to a conventional machine.

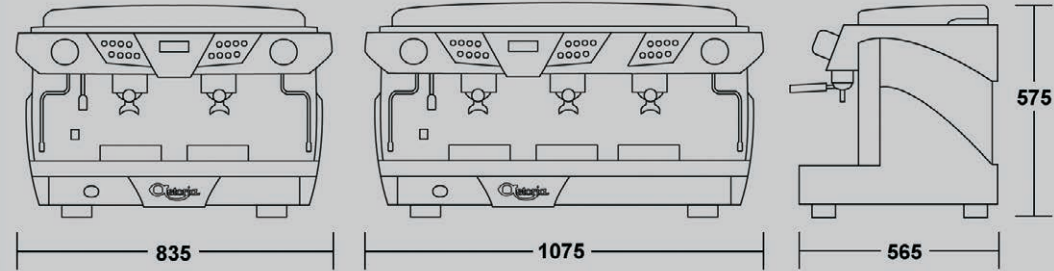

Available in Black & Grey, White or Black & Red

KEY FEATURES

- Colour touchscreen display to control and monitor drink settings and parameters
- 'Smart' coffee machine analyses each shot, gives real time info and if necessary will provide suggestions to correct your shot
- Individual boilers for each group head with independent temperature settings
- Dedicated steam boiler for constant steam
- Intelligent energy management can save up to 47.6%† († Data certified by Intertek - ETL SEMKO)
- LED lighting to illuminate work area
- USB port for uploading/backing up settings
- Large capacity cup warmer
- Raised groups for large takeaway cups with slide out cup rests for smaller cups
